

INDIANA UNIVERSITY
SCHOOL OF MEDICINE

Psychology Post-Doctoral Fellowship Program in Clinical Health Psychology
Department of Psychiatry, Indiana University School of Medicine
2023-2024

Indiana University School of Medicine is now accepting applications for a one year Psychology Post-Doctoral Fellowship in Clinical Health Psychology. The purpose of the fellowship program is to train Clinical Health Psychologists with a specialty in serving the diverse and complex population of medically ill patients treated at Indiana University Methodist Hospital and the Advanced Heart and Lung Care Clinic, which serve individuals across the state of Indiana and beyond. The clinical health psychology training in this program has an emphasis in cardiac-pulmonary behavioral medicine and transplant psychology. Fellows will have the opportunity to train in both outpatient and medical inpatient settings conducting both evaluation and intervention services. Pre-transplant evaluations, individual psychotherapy, consultation-liaison services, and group therapy interventions are part of the clinical protocol. As part of the transplant program at IU Health, the fellow may have the opportunity to do a specialty rotation in abdominal/solid organ transplant at Indiana University Hospital. In addition to these clinical experiences, fellows will also be involved in additional research experiences, as well as clinical supervision of pre-doctoral psychology interns or psychology practicum students. Opportunities for fellows to teach or supervise with the Indiana University School of Medicine may be part of the training experience.

All interviews may be held virtually.

Expectations:

20+ hours of client contact per week • Up to 8 hours per week dedicated to administration and research endeavors • Weekly supervisory sessions with PhD/HSPP Psychologist • Educational opportunities including attendance at Grand Rounds presented by the Department of Psychiatry and didactics and training events offered at IUSM • Successful completion of Indiana jurisprudence exam and EPPP • Compilation of hours for Indiana licensure and HSPP endorsement • Other assignments as negotiated

Requirements:

Completion of an APA-accredited Ph.D. or Psy.D. program in clinical or school psychology • Completion of an APA-accredited predoctoral internship program • Applications are encouraged from professionals of all ethnic backgrounds

Salary and Benefits:

The salary for the postdoctoral fellowship year is \$54,840 (or what is consistent with 2023 NIH stipend). Fellows receive full medical and dental benefits through the Indiana University School of Medicine's Graduate Medical Education Office. Vacation, sick days, and professional development time off is available. In addition, parking is paid in full by the program. Travel funding is available.

Application Materials: • Curriculum Vitae • Cover Letter Applications • 3 letters of reference + Transcripts (upon invitation to interview) should be sent to: Yelena Chernyak, Ph.D., HSPP ychernya@iu.edu c/o Angie Seibers Neuroscience Center, aseibers@iu.edu. Please direct questions to: Yelena Chernyak, Ph.D., HSPP ychernya@iu.edu, Fellowship Director
